Email _____ Cell Phone _____

Please label your items clearly with your initials or a code used to identify your items along with a number. List that code and number in the column on the left and then give a size, color and detailed description of your item along with your selling price. If someone asks if you'll come down in price, we will look at the lowest price you've listed and give that information to them, but only if they ask. If you wish, you may donate any unsold items to the CVSC for our fundraising purposes.
